User Story Description:
As a customer, I want to be able to browse, add, and remove items from my shopping bag on Gymshark.com, so that I can easily manage my purchases.
This user story covers the following end-to-end functionalities:

Search and Add Products:
The user can search for specific products on the Gymshark website.
The user can view product details and add them to the shopping bag.
Upon adding a product, the user receives a confirmation message and the shopping bag icon updates to reflect the added item.

Remove a Single Product:
The user can remove individual products from the shopping bag.
After removing a product, it disappears from the bag, and the shopping bag icon reflects the updated item count.

Remove All Products:
The user can remove all products from the shopping bag at once.
Upon removing all products, the shopping bag becomes empty.
The user can see a visual confirmation (empty-bag image) and textual messages ("Your bag is empty", "There are no products in your bag") indicating the empty state.
The user can still browse products by seeing the "SHOP MENS" and "SHOP WOMENS" buttons.

This user story ensures customers have a smooth shopping experience by allowing them to easily manage their shopping bag contents.

```
Feature: Feature: Manage Shopping Bag As a shopper on Gymshark.com I want to search for products, add them to my shopping bag, and remove them easily So that I can manage my purchases effectively
    ###Individual Scenarios: Add products to the shopping bag: Verify adding individual products to the shopping bag (e.g., Gymshark Rib Long Sleeve Top, Gymshark Rib T-Shirt), Remove a product from the shopping bag: Verify product removal from the shopping bag.###
    #Remove all products from the shopping bag: Verify removing all products and displaying the empty bag message and elements (e.g., "Your bag is empty", "SHOP MENS" button).
        Background:
            Given the test user opens url "https://uk.gymshark.com/"
        Scenario Outline: Add products to the shopping bag with size selection

            Given test user is on the home page of the online store
             When test user searches for a product "<product_name>"
              And test user clicks on the first product search result
              And test user selects the size "<size>" by clicking the "<size_button>" button
              And test user adds the product to the shopping bag
             Then test user should see a confirmation message that the product has been added
              And the shopping bag icon should reflect the updated item count
        Examples:
                  | product_name                  | size   | size_button |
                  | "Gymshark Rib Long Sleeve Top" | Medium | "M"         |
                  | "Gymshark Rib T-Shirt"         | Large  | "L"         |
                  | "Gymshark Fleece Zip Hoodie"   | XL     | "XL"        |

        Scenario Outline: Remove all products from the shopping bag
            Given the test user has added multiple products to the shopping bag
             When the test user navigates to the shopping bag page
              And the test user locates the product "<product_name>" in the bag
              And the test user clicks the "<delete_icon>" button for that product
             Then the toast message "<toast_message>" is visible for 2 seconds
              And the test user confirms that the product has been removed from the bag.
             Then all products should be removed from the shopping bag
              And the shopping bag should be empty
              And the test user verifies that the empty-bag image is visible
              And the test user confirms that the "<empty_title>" heading is visible
              And the test user confirms that the "<sub_title_text>" heading is visible
              And the test user verifies the "SHOP MENS" button is visible
              And the test user verifies the "SHOP WOMENS" button is visible

Examples:
          | product_name                  | delete_icon   | toast_message                      | empty_title        | sub_title_text                      |
          | "Gymshark Rib Long Sleeve Top" | "icon-delete" | "You removed an item from your bag" | "Your bag is empty" | "There are no products in your bag" |
          | "Gymshark Rib T-Shirt"         | "icon-delete" | "You removed an item from your bag" | "Your bag is empty" | "There are no products in your bag" |
          | "Gymshark Fleece Zip Hoodie"   | "icon-delete" | "You removed an item from your bag" | "Your bag is empty" | "There are no products in your bag" |
```
